ABOUT THE COLLEGE

C.V. Raman College of Engineering (CVRCE) extending over 100 acres of beautifully landscaped area, situated on the outskirts of Bhubaneswar, is a progressive institution in Odisha, setup to promote the highest standard of technical education in the state. The Institute is approved by the All India Council for Technical Education. The institute is also accredited by NBA and certifies to ISO 9001:2008. The institute is rated "A" Grade Engineering College by NAAC and is affiliated to Biju Patnaik University of Technology. The college aims at educating the students to become not only competent professionals but also excellent human beings, who would contribute towards the welfare of the society and help in raising the quality of life of its people.

ABOUT THE WELDING CENTRE OF EXCELLENCE (WCoE)

The WCoE is one of the key facility in CVRCE, Bhubaneswar. It was formed to strengthen the understanding and co-operation in promoting the development of welding/joining technology. The WCoE has complete range of conventional and modern welding facilities for MMAW, MIG/MAG, TIG, CMT-Robotic with sophisticated mechanical, metallurgical and NDT laboratory.

ABOUT THE COURSE

Welding is one of the oldest materials processing technologies, but is an evergreen technologies, which has evolved day by day. The modern Industrial scenario has proven that welding is inevitable to produce any product. Starting from space crafts, automobiles, mobile phones and even a small pendrive uses any one of the welding or it's allied processes. The main objective of the course is to provide basic knowledge about various fusion and solid state welding processes and also provide an in-depth knowledge about the latest trends in the field of welding technology.

RESOURCE PERSONS

*Eminent experts from BHEL, IGCAR, IITs, NITs and Scientists from research organisations will share their expertise

ELIGIBILITY CRITERIA

Faculty members from Departments of AICTE approved Institutions and practising engineers from Industry can apply. Eligible participants are requested to send filled application form and DD to the address for correspondence on or before the last date. The FDP is open for faculty members belonging to Design/Thermal/Manufacturing/Metallurgy/Welding/Electrical specialization.

TENTATIVE TOPICS TO BE COVERED

- * Overview of Welding Processes & Materials
- * Emerging trends in welding techniques
- * Evolution of welding power sources
- * Development of welding consumables
- * Welding metallurgy of ferrous & non-ferrous alloys
- * Weld joint design, residual stress and distortion control
- * Advancement in fusion welding processes
- * Emerging trends in solid state welding processes
- * Welding of dissimilar alloys
- * Non-destructive testing & evaluation of welded joints
- * Repair and maintenance welding techniques

WHO SHOULD ATTEND

- * Faculty from various AICTE approved Engineering Colleges/Institutions
- * Industry Personnels

REGISTRATION

The registration fee for

Faculty	:	Rs. 1000/-
Industry Personnels	:	Rs. 1500/-

The payment should be made by means of a DD drawn in favour of "C.V. Raman College of Engineering", payable at Bhubaneswar. The filled-in registration form is to be sent along with the DD to the Organising Secretary on or before 22-04-2017. Fees include FDP materials, lunch and tea.

IMPORTANT DATES

- Receipt of Application : **22-04-2017**
